

THE HEARING SOLUTION THAT'S RIGHT FOR YOU

Hearing aids are available in different technology levels to suit your lifestyle and your budget.

BEST

BEST TECHNOLOGY

- The best available hearing that current technology can provide.
- Improves speech sounds and maintains comfort even in the most difficult sound environments such as large gatherings, restaurants, sporting events, concerts.
- Priced from \$3000 and up

BETTER

BETTER TECHNOLOGY

- Designed for those who have active lifestyles including going to restaurants, theatre, travel, family gatherings.
- Improves speech understanding while maintaining comfort in noisy environments
- Advanced technology allows for smooth, rich sound quality.
- Priced from \$2000 and up.

GOOD

GOOD TECHNOLOGY

- Designed for moderately quiet lifestyles including occasional restaurants, family get-togethers.
- Speech improvement in small groups and in moderately noisy places.
- Maintains comfort but does not improve speech understanding in loud and active environments.
- Priced from \$1500 and up.

BASIC

BASIC TECHNOLOGY

- Designed for quiet lifestyles
- Speech improvement in quiet and simple surroundings, one-to-one conversations.
- Maintains comfort but does not improve speech understanding in noisy places.
- Priced from \$1000 and up
